To whom it may concern:

It is my pleasure to write this letter as a reference for Reezan Visram. During these past several years as a member of the Dunbarton High School community, students have benefited from his contributions.

This academic school year Reezan has taken part in the After School Numeracy Support Program at Dunbarton High School. This program provides academic support in a one on one or small group setting to students who are struggling with the grade nine math curriculum. The program operates after school to prevent students from getting behind in their current classes.

Reezan used his strong academic skills and knowledge base in mathematics to support his peers throughout semester one. He gave up his time, consistently demonstrating caring and patience towards his peers. Reezan was always punctual, brought a positive mindset, and diligently carried out the support program provided by the supervising teacher.

The school administration sincerely appreciates the time Reezan has shared with the Dunbarton Community. I have no doubt that Reezan will continue to demonstrate similar commitments and dedication in his future endeavors, and will continue be a positive presence in any initiative he takes part in.

Sincerely,

William Jovel
Vice-Principal,
Dunbarton High School
